

OUR VISION: *Lead the transformation towards a circular and sustainable automotive value chain*

Our Mission : *Enhance sustainability throughout the automotive industry by leveraging a common voice and by engaging with suppliers, stakeholders and related sectors on impactful activities*

ENABLER

Sustainable supply chains

Collaborate to enhance-supplier sustainability

AMBITIONS

Sustainable raw materials

Source raw materials sustainably

Workforce wellbeing

Aim to ensure employees in our supply chain are treated well and empowered

Carbon neutrality

Strive towards a carbon neutral supply chain

Circular value chain

Promote circular use of resources in our value chains

PRINCIPLES

Transparency

Stakeholder Engagement

Leveraging Best Practice

	2020-2025	2025-2030
Sustainable supply chains	<ul style="list-style-type: none"> Set-up and promote use of common standardised tools, methods and common requirements to integrate sustainability into the procurement process Direct Tier 1 suppliers engaged in assessment and capacity building activities Establish and promote usage of common standardised tools and methods to cascade sustainability beyond Tier 1 	<ul style="list-style-type: none"> Supplier sustainability is a key decision criterion Direct Tier 1 suppliers improved sustainability performance compared to 2025 Supplier sustainability is promoted beyond Tier 1
Sustainable raw materials	<ul style="list-style-type: none"> Set up and promote use of common standardised tools and methods for sustainable sourcing management Implement impact key projects with the aim to improve social & environmental situation-related to responsible sourcing (issue to be defined: indigenous people rights, communities development, biodiversity etc) 	<ul style="list-style-type: none"> Common audit & multi-minerals standard endorsement Reached optimum transparency and traceability Impact key projects successfully completed
Workforce wellbeing	<ul style="list-style-type: none"> Agree on and promote use of a common standardised Business and Human Rights due diligence tool/s and a grievance mechanism to proactively tackle issues (issues to be defined: living wage, child labour etc) related to the UN Guiding Principles on Business and Human Rights 	<ul style="list-style-type: none"> Common standardised Business and Human Rights due-diligence and grievance mechanism rolls out and promoted in the supply chain (Tier 1 and beyond)
Carbon neutrality	<ul style="list-style-type: none"> Agree on and promote use of a common standardised method and tool to measure and reduce emissions in the supply chain Implement impact key projects with the aim to reduce emissions in the automotive supply chain 	<ul style="list-style-type: none"> Common standardised method and tool used to measure and reduce emissions in the supply chain Impact key projects successfully completed
Circular Value Chain	<ul style="list-style-type: none"> Set up and roll out learning network on priority issues (issues to de defined: water management, air, waste, biodiversity, plastic etc) 	<ul style="list-style-type: none"> Engage all relevant suppliers and stakeholders in learning network activities
